

In a complete service that encompasses cash, cheques, and payments, INTRIA processes more than 115 million ABM deposit envelopes each year, and more than 10 million commercial and night deposits.

We've built a coast-to-coast network of currency processing centres to reduce our clients' Armoured Car Carrier (ACC) costs so that they can inexpensively harness the many advantages of outsourcing this critical processing activity to a world-class service provider. And our ABM Envelope and Commercial Deposit Processing can be integrated with any or all of our related services (ABM Cash Forecasting, Treasury Management, Cheque Clearing, and Remittance Processing) to yield even greater process and cost efficiencies.

### Service Features

- Removal of transaction processing from the branch environment.
- Centralization to a standardized processing and operating environment.
- High-speed, high-accuracy processing.
- An enterprise-scale processing operation with decades of experience.

### What This Service Delivers to You
